**Current report No. 16/2024
of 4.12.2024**

Subject: Granting of Patent Protection by the Japan Patent Office for the Invention in the PANURI Project

Legal Basis: Article 17(1) of MAR - inside information

The Management Board of Urteste S.A., based in Gdańsk (the "Issuer", the "Company"), hereby informs that today, December 4, 2024, the Company received a communication from the Japan Patent Office regarding the acceptance of the patent application and the granting of a patent for the invention in the PANURI project titled "Novel diagnostic marker for pancreatic cancer."

The issuance of the patent is conditional upon the Company paying the administrative fee, which the Issuer intends to do within the designated deadline.

The Management Board has deemed this information confidential, as PANURI is a priority project for Urteste, and obtaining patent protection increases the likelihood of its successful implementation. In the opinion of the Issuer's Management Board, this may have a positive impact on the Company's growth and future prospects.
