**Current report number 10/2025
dated 30/06/2025.**

Subject: Grant of patent protection from the Patent Office in Indonesia for the invention in the PANURI project.

Legal basis: Article 17 (1) MAR - confidential information.

The Board of Directors of Urteste S.A., headquartered in Gdansk, Poland ("Issuer", "Company") announces that on June 30, 2025, it received from the Patent Office in Indonesia a communication on the granting of a patent for the invention applied for within the PANURI project entitled "Novel diagnostic marker for pancreatic cancer" ("Novel diagnostic marker for pancreatic cancer").

The issuance of the patent is conditional on the payment of an administrative fee by the Company, which the Issuer intends to do by the deadline.

The Company's Board of Directors considered the above information confidential due to the fact that PANURI is Urteste's priority project, and obtaining patent protection increases the likelihood of realization of this project, which, in the opinion of the Issuer's Board of Directors, may have a positive impact on the Company's development and future situation.
